Mr Paul's Tutoring is a great tutoring centre as it provides you great training in whatever exam you do (or just general tutoring). It is vital for you to join as you would have 100% success. I unquestionably suggest attending Mr Paul's Tutoring if you want to get better academically. Thanks Mr Paul for helping us. After doing the selective test now, I feel so brave and better that it is over and I think that I have done good in it

Mr. Paul has different methods of teaching students how to go about Maths, English, and Thinking skills. These methods are some of the best I have ever applied to my practice tests. He has taught for over 20 years and has a very engaging class.

I have been a student of Mr Paul's for a very long time and have had the best experience. His teaching methods helped me a lot. I also was very lucky to have him for O.C. and by using his methods I gained a very good school. He is an amazing teacher and I really recommend this tutoring!!

As an ex student of Mr Paul's, I can definitely say that he is one of the best tutors for selective training. He gave me and my class the confidence to achieve our best results. He is highly experienced, proven by all of his student's great results, and creates an engaging and humorous work environment.

Personally, Paul significantly helped me in with maths skills, teaching me the most efficient ways to handle exam style questions. I went from being an average student to achieving one of the highest marks in my cohort.

He may be strict at times, but he taught my class to have a good work ethic which was essential to reaching our potential. Paul genuinely cares for his students, and is motivated by results, not business. His dedication, effort and experience really is unparalleled in this industry, and you definitely wouldn't be wasting your time here.

I truly recommend his tutoring service for any student looking to excel academically.

Mr Paul has taught me for Selective, his teaching methods are stunning. He teaches the best and fastest solutions to answer certain types of questions. He could easily help you achieve your goals to get into a OC and Selective school. Mr Paul is one of the most intelligent teachers you could ever have. I highly recommend Mr Paul's Tutoring.

My daughter was developing a keen interest in Math last year at school and was doing well but then lost interest this year. We were recommended to Mr Paul and he was able to connect with her and got her interested in Math again.

Now she enjoy doing the extra Math homework and would proudly show us how she worked out the answer. I'm delighted to recommend Mr Paul's tutoring service.

Mr Paul's Tutoring is one of the best coaching centres for students who are preparing for both selective and OC. Mr Paul's ways of teaching are a wonder. My personal experience there is extraordinary. The many ways of teaching are spectacular. I am impressed by everything. I would highly recommend Mr Paul's Tutoring.

Mr Paul is an amazing teacher who is charismatic and effective. The improvements in my daughter and her cousins who also attend his classes are astounding. The biggest thing he's done for them is changing their attitude. Homework and school work are no longer "too hard", they look forward to learning as it can be fun. He has definitely set the foundations for a better future for them.

They often come back showing off what they learned, I've often been surprised by my daughter telling me something about Space and astronomy or even life lessons. Yes life lessons! A memorable one was, "There is not always one way to do things. Try different ways and find the one that works best for you!". This tells me a lot about Mr Paul's teaching style and I'm very thankful.

I have never seen anyone like Mr Paul. He is such a great teacher and I don't say this very often, but he is the best teacher I ever had. I have known him for 4 years and every single day I have learnt a lot from him. I know that without him, I would've never have a chance to selective.

Mr Paul taught me many different and unique strategies to help me to work smart, not hard. He recommended me with useful tips that will help me in the future. I've been with him for STTC and WEMT courses. I know exactly how he teaches. Mr Paul has helped me a lot with my marks, not only did I improve but learn new things every lessons. I believe you should go to Mr Paul's Tutoring, very recommended and nice. Come to this place if you want to boost your brain and know the methods on how to solve problems easier! :)

★★★★★ 3 months ago

I cannot express my gratitude enough for what Mr Paul has done for my child. He was originally just an average student, who didn't have much drive or motivation. Since joining Mr Paul's classes at Cabramatta, he is now engaged with learning because he says Mr Paul taught him the fast way, and he really enjoyed his classes.

He will be sitting the Selective Test in a few days, it's not important the score he gets, but the huge change in attitude and the way he approaches learning now is what will get him through high school. We will continue to support Mr Paul!

I have been a student of Mr Paul's for almost 5 years. He is the best when it comes to Selective Training. He shows us the quickest methods and the classes are always fun! It doesn't feel like a chore, which is really important when you're reaching for a place in a selective school! I ended up getting entry into Sydney Girls (as did many of the other girls in his class), which was a dream come true, I could not be happier 😊😊😊

Thank you for all your time, energy and effort.

Mr Paul Kim is an exceptional teacher and mentor, having tutored all my 3 children to achieve their maximum potential and gaining a place into Selective. Paul teaches with Passion, dedication and he strives beyond so that all his students performs to their best capabilities. Paul has improved my children so much by adopting his techniques, strategies and skillsets.

If you want your kids to academically perform and have the highest chance to gaining a place in OC & Selective see Mr Paul Kim. There's no better place. Paul is a great individual who loves to teach, highly recommended. From a teacher who now has become friends. Thankyou Paul for looking after my 3 children, we'll be lost without you.

Kind Regards
